Product Features

- Outdoor patio heater 2000W wall mounted quartz tube provides a comfortable soothing heat. Perfect for outdoor specially during winter.
- 3 Heat Settings: For optimal comfort select from the 3 heat settings thereby helping you to save on your electricity bills and offering you the perfect ambience.
- A truly versatile heater offering ease of use, suitable for bars, restaurants, terraces, gardens, patios, balconies, decking, summer houses, gazebos, garages, workshops and much more.
- Patio heater is easily mounted on the wall and warms from above. Due to the infrared technology, the heat is radiated to people keeping them warm. Also stand available as an extra, if needed.
- Push Button Switch for easily turning on/off the heaters.
