The Speculo range is a collection of compact, LED downlights that are slim and boast a low profile design. Featuring fire rated glass, it differentiates itself from other downlights as the glass can withstand high temperatures without the need of a can at the back of the fitting and fully fire-rated for 30,60 & 90-minute ceilings. This anti-glare version is suitable with GU10 lamps. Matt white finish.

Compatible with LED lamps

Dimmable

Matt white & clear glass

Constructed from steel & glass
