

# ADAPTER PLATES

For *inceptor*<sup>®</sup> and *inceptor*<sub>MICRO</sub><sup>®</sup>

## Features

- Has been designed for use with both Inceptor and Inceptor Micro.
- Allows Inceptor and Inceptor Micro fittings to be fitted into ceiling cut outs of up to 120mm.

## Benefits

- Allows fittings of a smaller cut-out size to be fitted into a hole that would otherwise be too big.
- May be suitable for other fittings with a diameter of less than 62mm and bezel diameter between 75-82mm (no other guaranteed "perfect fits").
